

Family Day Craft

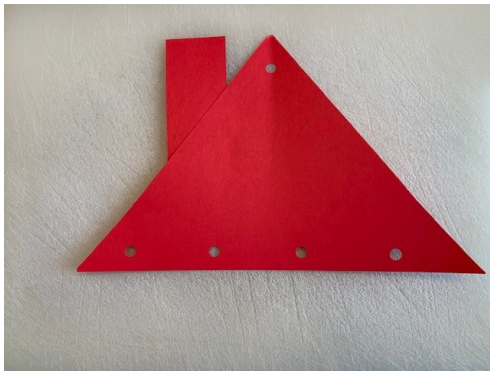

Cut a big triangle from your red paper. This will become the roof of your house.

Cut a small rectangle. This will become the chimney.

Cut your white paper into rectangles. You will need one rectangle for each member in your family.

Hole punch or cut a little slit in the top of each rectangle.

Glue the rectangle to the back of your roof.

Hole punch the top of the roof.

Hole punch or cut slits along the bottom for as many members are in your family.

Draw a design on your roof for the shingles.

On each white rectangle draw a picture of each member of your family.

Cut your string into as many family members as you have, as well as one extra for the top of the roof.

Thread a piece of string through each drawing as well as the hole along the bottom of the roof then tie in a knot.

Thread your last piece of string through the top and tie.

Your special family portrait is complete!
